

A Message from the 2024 Together We Sing Co-Chairs

Most Enthusiastic Greetings to:
**Our Friends So Committed to
Our North Texas Communities!**

We are privileged and honored to serve as **Co-Chairs** for the 2024 “**Together We Sing**” concert, the signature fundraising event for **Project Unity**, to be held in **The Meyerson Symphony Center** in collaboration with The Dallas Symphony Orchestra on Sunday evening, June 23rd.

Yet another innovation of the remarkable **Richie Butler** and his inspirational team, “**Together We Sing**” unifies our communities through music and song. The financial resources afforded by this event enable Project Unity to provide the programs that **bridge racial divides and build positive relations between our communities and law enforcement.**

The impact that the organization has made in its 10-year history has **transformed** scores of business organizations, schools and churches, as well as countless individuals, through its suite of “**Together We**” programs. Project Unity is deeply committed to, and enormously effective with, this “**hard work that is heart work**”.

This year’s event is going to be yet another spectacular evening where **gospel meets classical!** You will not want to miss the enthralling performances by our headlining Grammy-award-winning artist and **200-voice Unity Choir** accompanied by **The Dallas Symphony Orchestra!**

Please join us in **supporting generously** this signature event for a **truly transformational cause.** Our contributions will help make Project Unity’s 10-year anniversary an extraordinary year . . . with a **soul-stirring evening** on June 23rd . . . for all of North Texas.

With our gratitude and appreciation,

Cheryl Alston

Tracey Nash-Huntley and David Huntley

Marena and Roger Gault

Carol and Don Glendenning

Jill and Dupree Scovell
